AROMATIC FEVER AND AGUE PILLS.
AND THE
EXCELSIOR EYE BALM.
MADE BY DOCTORS EVERYWHERE.
DO YOU DESIRE HEALTH?
THEN READ A WORD

BECOME YOU DOWN THIS DOWN AS WORTHLESS.

It is a fact well known to all our Western citizens that the numerous diseases in the soil of this rich country are of a severe character, which never so frequently occur, that one has to hold his life in constant suspense to various forms of disease, and it becomes an important inquiry to us, what we can do to prevent these sudden attacks, to which we are subject. An old saying, "one ounce of prevention is worth a pound of cure," is more true than is generally known; the consequences in that the inward symptoms of the body cannot perform their duty, any more than a watch can, the wings of whose wheels are filled with dirt, or a lamp whose oil is thick with smoke, or a man's coat from the food, and the parts are stimulate to eliminate such parts, and remove them in their proper direction; when our system is fully open, this is well and beautifully done, and such good health results; but, in most cases, it is done by prevention, and the removal of such bodies,—but when cold, or any other cause, stops these outlets, this evil (if I may so speak) remains in the body; and Fevers, Rheumatism, &c., come. When the body is thus impeded, it is impossible to expel the excrements through, retain these natural outlets, and we are free. When shall we do it? Shall we wait till the disease becomes set upon us? No, let us take

YERK'S STOVE EMPORIUM.

A SIMPLE VEGETABLE REMEDY,

immediately when the first symptoms commence.

NO CALOMEL! NO POISON!!

But a good physio, composed of the healing plants Nature has herself provided.

This you can find in the

AROMATIC VEGETABLE CATHARTIC PILLS

PREPARED BY

A. LANGWORTHY, Findlay, O.

We compound them from a Western experience known to you that want, because we have them ourselves. We compound them from the best materials, Pain in the Back or Legs commences, when in short you feel your system getting out of order.

SO RIGHT TO WORK,

takes enough to cleanse your system thoroughly, then keep it strong for a while, to keep your bowels open and regular, and you will thank us for compounding them.

It may be that you have neglected yourself, until you have Fever and Ague, Chilblains, Dumb Ague—either Arctic or Chiroptic—then procure a dose of ours.

"LANG WORTHY'S AROMATIC AGUE PILLS,"

use them according to directions, and break up the disease; if you have had it a long time, use the Payne Pills, to keep your system regular, and

DO YOUR SUMMER'S WORK.

These Ague Pills are compounded for those who are tired of taking Quinine, Arsenic, or any poisons. We warrant them entirely compounded from Vegetable Kingdom, and offer a reward of \$100.00 for any one who can detect any mineral in any Medicine we advertise.

These Pills are compounded, and first used in the fall of 1855, during the great prevalence of Bilious Disease—were compounded on the ground that the disease was prevalent, and not where they theorized about it to be. The Pill was named after John Quinn, and the other Medicines named, and as was natural to care, and not one in a dozen

of bottles failed—it is the

PEOPLES' REMEDY!

It is not gotten up with intercalated powers; but it will cure.

FEVER AND AGUE,

AND ALL FORMS OF BILIOUS
DISEASE SAFELY
AND SURELY.

There are some cases where the system fails to digest, that nothing but a thorough thorough going over will do any good, and in these cases, this Remedy proceeds in its way—in such cases never exceed this by doing the whole slower, and increasing all the time, until the system is relieved.

In some cases, where the Liver is taxed, the patient will have one or two Chills after compounding the Medicines, but as soon as the Pills are fully taken up by the stomach, and the system is again healthy—the chills stop. In any case where it is desired to take a single dose of the Stomach, it is produced by these Ague Pills, and of course it will relieve.

Look out for your species, after being cured by these Pills, you will over-cure.

Our Remedy will BREAK the Ague upon four grown persons, but to fairly cure should all be taken.

We would also warn attention to the

EXCELSIOR EYE BALM,

FOR ALL DISEASES OF THE EYE OR SKIN,
UPON PERSONS OR HORSES.

Inflammation, Ulcers, Ulcerations, Wart skin, and all forms of Diseases Eyes are cured to perfection, that where it is best known, it is considered almost MAGICAL, in the healing influence. A Physician from Indiana writes:

"Your medicine has given perfect and entire satisfaction in every case."

One thing that has cured, the past season, over forty wounded soldiers says it did not fail a single instance.

As old Horse Jockey, who has handled horses all his life, says:

"I put your Eye Balm, with a little bleeding and physicianing where the system is too full, will not cure, they may give up the eye."

One lady, who had been deprived of sight in one eye, for six days, says:

"After thirty Physicians had prescribed, without any good done to me, your Medicines performed a cure."

Cosmetically and botanically, will you deprive yourself of good remedies, because some would be wise to say you quack—or you will try one of our

FAMILY MEDICINES,

and be healthy of your Diseases. We do not put up any of our Medicines, excepting but one Eye and Ear, but if you have any of the others, you need not suffer with Sore Mouth, or Ulcers upon any part of the body, for it is so healing in all parts, that it will cure them quicker, than anything else. April 1st, if you wish, with a quill pen, write to me, and I will send you a sample, twice as much, for a dollar, to satisfy you.
